

Category 1 Mooring Area Boundary

Southern Broadwater Mooring Area

Fast Facts Southern Broadwater Mooring Area

ABOUT: The Southern Broadwater Mooring Area is a category 1 area managed by the Southport Yacht Club that has been appointed as the Mooring Manager by the Gold Coast Waterways Authority. The Southern Broadwater Mooring Area is located in the waterway of the Broadwater between Southport and Main Beach.

CURRENT MOORINGS IN THE AREA: Sixty-two (62) traditional swing moorings.

FUTURE CAPACITY: The Gold Coast Waterways Authority has identified that this site may potentially allow the establishment of up to twenty-seven (27) environmentally friendly swing moorings or thirty-two (32) fore and aft moorings, after the closure of the western mooring area.

IMPORTANT: The western mooring area is currently in the process of being closed to provide more open space on the waterway.

(Note: The establishment of additional buoy moorings at this site is subject to a range of factors; for example, vessel character, natural occurrences such as ongoing shoaling, and marine development.)
