

WATERWAYS NOTICE

Notice to control activities or conduct in Gold Coast waters

Gold Coast Waterway Authority Act 2012, sections 22, 23 and 24

I, **Hal Morris, Chief Executive Officer, Gold Coast Waterways Authority,**

by this notice require the person in charge of the watercraft on which the notice is displayed to do the following:

- 1. To move the watercraft from particular waters of Marine Stadium before 0800 hours on Saturday, 18 November 2017.**
- 2. Not to navigate, anchor, moor or otherwise operate the watercraft on the particular waters of Marine Stadium before 1300 hours on Saturday, 18 November 2017.**

The particular waters of Marine Stadium to which this notice applies are described in the attached map, which also forms part of this notice.

The requirements of this notice do not apply to watercraft participating in the authorised aquatic event during the specified period in waters of Marine Stadium.

Reason for this notice

Consistent with the purposes of the *Gold Coast Waterways Authority Act 2012*, and the functions of the Gold Coast Waterways Authority, I have issued an authority for an aquatic event that will be held in waters of Marine Stadium on Saturday, 18 November 2017.

The waters of Marine Stadium are confined waters and the nature of the aquatic event means that management of water traffic is necessary. I make the requirements of this notice to maintain the effective and efficient management of water traffic in Marine Stadium, and to move and control the activities by watercraft in these waters for the safer and orderly preparation of the aquatic event.

Contravention of this notice

A person commits an offence against the *Gold Coast Waterways Authority Act 2012* if that person fails to comply with a requirement of a waterways notice, unless the person has a reasonable excuse.

The maximum penalty for a contravention of a requirement of a waterways notice about the movement, mooring or activities by a watercraft is **\$12,615** for an individual, and up to five times that amount for a corporate entity.

A watercraft that is anchored, moored or left in Gold Coast waters, or on land adjacent to Gold Coast waters, in contravention of a requirement of a waterways notice is ***contravening property***.

Gold Coast Waterways Authority may take steps necessary and reasonable to move contravening property.

Hal Morris
Chief Executive Officer

DATED AT GOLD COAST THIS 3RD DAY OF NOVEMBER 2017
