

Fast Facts ⓘ Labrador Mooring Area

ABOUT: The Labrador mooring area is a category 3 area located within the Broadwater off Marine Parade, Labrador.

CURRENT MOORINGS IN THE AREA: There are currently 35 traditional buoy moorings in the mooring area.

FUTURE CAPACITY: For this mooring area, there would seem to be enough space and depth for a similar number of environmentally friendly moorings; however, this would depend on the type, length and draft of the moored vessels.

Note: The establishment of buoy moorings in this area may be affected by several factors, such as sand movements and shoaling, other water traffic, and future marine development and watercraft access to the Marine Parade foreshore area.
