

WATERWAYS NOTICE

Notice to control activities or conduct in Gold Coast waters

Gold Coast Waterway Authority Act 2012, sections 22, 23 and 24

I, **Hal Morris, Chief Executive Officer, Gold Coast Waterways Authority**, by this notice require the person in charge of the watercraft on which the notice is displayed to do the following:

- 1. To move the watercraft from waters of Marine Stadium east of an area marked by yellow special buoys in position latitude 27°.945454 S, longitude 153°.424497 E and position latitude 27°.946328 S, longitude 153°.424669 E before 6:00 am on Tuesday, 14 April 2020.**
- 2. Not to navigate, anchor, moor or otherwise operate the watercraft on waters of Marine Stadium marked by special buoys before 4:00 pm on Tuesday, 19 May 2020.**

The waters of Marine Stadium to which this notice applies are described in the attached map.

The requirements of this notice establish a **Work Area** for Marine Stadium.

The requirements do not apply to watercraft involved with operations in the Works Area during the specified period on waters of Marine Stadium.

Reason for this notice

Consistent with the purposes of the *Gold Coast Waterways Authority Act 2012*, and the functions of the Gold Coast Waterways Authority, I have issued this notice to allow for certain works to proceed in a safe manner, unhindered by other watercraft for the duration of time mentioned above.

The waters of Marine Stadium are confined waters and the nature of operations within the Works Area means that management of water traffic is necessary. I make the requirements of this notice to maintain the effective and efficient management of Marine Stadium, and to move and control the activities by watercraft in Marine Stadium for safer operations of works within the Works Area.

Contravention of this notice

A person commits an offence against the *Gold Coast Waterways Authority Act 2012* if that person fails to comply with a requirement of a waterways notice, unless the person has a reasonable excuse.

The maximum penalty for a contravention of a requirement of a waterways notice about the movement, mooring or activities by a watercraft is **\$13 345** for an individual, and up to five times that amount for a corporate entity.

A watercraft that is anchored, moored or left in Gold Coast waters, or on land adjacent to Gold Coast waters, in contravention of a requirement of a waterways notice is ***contravening property***.

Gold Coast Waterways Authority may take steps necessary and reasonable to move contravening property.

A handwritten signature in blue ink that reads "Hal Morris".

Hal Morris
Chief Executive Officer

DATED AT GOLD COAST THIS SEVENTH DAY OF April 2020
